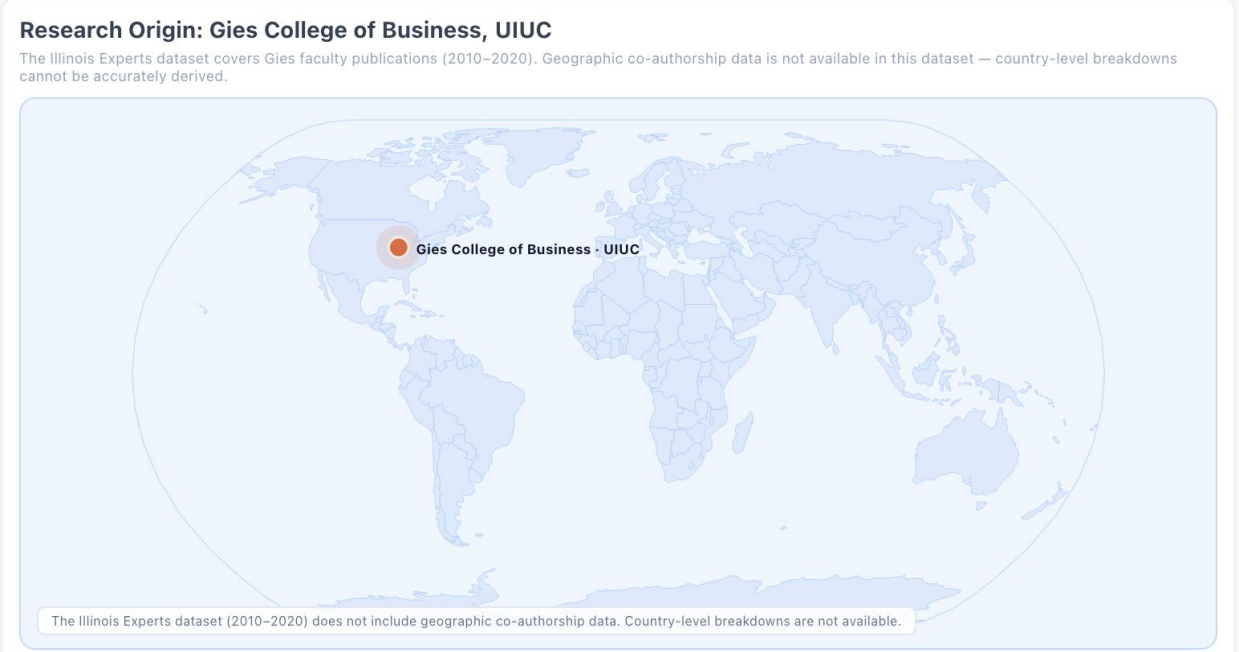
Global Impact-future vision



- Highlight the sustainability impact Gies is currently driving
- Future phase: showcase all schools collaborating with Gies
- Display each institution's individual contribution to sustainability goals

Who Uses This

Persona-driven journeys

Administrator

Accreditation prep → Rankings submissions → SDG coverage reports

Donor / Sponsor

Gap analysis → Priority SDGs → Open sponsorship tracks

Faculty

Network view → Co-investigator match → Global reach

Student

Case competition → Research gaps → Engagement opportunities

Key Improvements/Recommendations

- Built interactive SDG wheel with dynamic filtering across researchers, departments, and keywords
- Embedded live Collaboration Hub via Streamlit iframe with real-time sponsorship portal integration
- Transformed static bibliometric data into an interactive, filterable intelligence dashboard
- Surfaced strategic funding gaps across all 17 SDGs, enabling targeted resource allocation
- Enabled stakeholder-specific journeys — from donor impact storytelling to student RA discovery
- Added mission statement to the Overview tab to clearly communicate Gies' sustainability purpose

Gies Impact Command Center

Moving from Information to Action.

- Live at agatafietko.github.io/sustainability-dashboard
- Zero infrastructure — browser-only deployment
- Designed for donors, faculty, students & administrators
